

Since 1997, Trez Capital has contributed to our investors' financial success by providing a source of stable income through custom real estate financings.

Perspective at the Ground Level

Our team prides itself on deep real estate industry expertise. With over 30 originators across North America, we work with best-in-class developers providing innovative and flexible financing for a diverse range of real estate projects that helps create fulfilling futures for our investors, borrowers, partners and communities, where we build. Trez Capital has offices across North America with approximately 170 employees and continues to grow.

Risk-Managed Approach

Trez Capital has built a reputation based on integrity and accountability with a long-term, risk-managed focus while always acting in our clients' best interests. Investors benefit from our knowledgeable and disciplined leadership team paired with strong corporate governance, which consists of both internal and external controls (Board of Governors). This approach contributes to our strong track record of protecting our investors' capital.

Why Private Mortgages?

As an alternative asset we offer:

- Consistent, reliable income with fixed monthly distributions
- Low volatility – stable \$10 Unit price
- Uncorrelated to traditional asset classes

Private Mortgage Investing offers:

- This market gap represents a compelling opportunity for non-bank lenders, like Trez Capital
- Loans are fully secured by real estate
- Returns are greater than corresponding levels of risk

Investment Objective

To preserve invested capital, while generating a consistent rate of interest income by investing in a diversified portfolio of conservative commercial and multi-residential, first position mortgages which do not exceed 75% of the value of the real property at the time of funding.

Fund Overview

A conservative short-term commercial mortgage strategy. Trez Capital Prime Trust participates exclusively in first position mortgages. Loans are secured by real property located in Canada or the United States.

Why Trez Capital Prime Trust

- Our most conservative mandate – 100% first mortgages
- 16-year track record without a single negative month and never missed a distribution
- The only widely distributed mortgage fund with the following conservative restrictions:
 - 100% first mortgages
- Average loan-to-value is 47.5%
- Loss provisions since inception less than 5 bps
- Exposure to both Canadian and U.S. markets

Why First Mortgages?

A first mortgage is the primary lien against the real estate which secures the loan and takes precedence over all other mortgages. If the property is sold or if the borrower defaults, the first mortgage is paid prior to any other lien on the property. As such, first mortgages are the most secure form of real estate financing.
